JOE W. MOCK.

O. B. Graves, while hitching up a horse at his stable Saturday afternoon, let it get away from him, the horse running at full speed up the street. As it turned the corner at the public square, the wheel struck a telephone pole, running the shaft through the back of the runabout of Wm. Burroughs, thereby demolishing it. The animal was soon caught and belonged to Mr. J. F. Barbee.

Time is Ripe for the Clansman.

Thirty years have elapsed since the days of Reconstruction and the time is ripe for plays like "The Clansman," which will be presented by the Southern Amusement Company, George H. Brennan, Manager, at Lexington, January 23 and 24.

There is no more fertile field for the American playwright than the history of his own country, and there is no period more prolific of dramatic situations than the days when the Ku Klux Klan rescued the desolate South from the terrors of the black plague. Thomas Dixon, Jr., has chosen wisely in his theme, and his play has created a sensation greater than any American play heretofore produced. The engagement at the Lexington Opera House includes a special matinee Wednesday, January 24. Mail orders for seats will receive attention.

George & Porter, proprietors of the new Elks' saloon, invite their friends to pay them a call. The best old whiskies, wines and cigars. Remember the place, Main street, Elks' Building.

A Popular Company.

The popular Howard-Dorset Company opened a three-night engagement at the Grand last evening to a large and appreciative audience, presenting "Grit, the Newsboy."

The play last night, although presented by this excellent company on a previous visit to this city, was well received.

The bill to-night will be "The New Governess," and on Wednesday evening "The Dangers of New York."

Dying of Famine

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me. Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at Oberdorfer's drug store. Price 50c and \$1 a bottle. Trial bottle free.

Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Iowa, but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." Guaranteed by Oberdorfer, the druggist. Price 50c.

The Paris Business College

Is now being organized by Prof. Lippard, of Cincinnati, and will open the first of January. Prof. Lippard has had a large experience in training young men and women for good positions and placing them in same, and every young person possible should enter at the opening. Nothing pays better than a business education. Positions secured for all graduates, and Prof. Lippard has calls for more graduates than he can furnish.

Dangers of Defective Plumbing!

Defective plumbing permits the entrance into the house of sewer gas bearing germs or contagious disease to which the human system readily succumbs. Sewer gas is not necessarily generated in the sewer, but is frequently created in the plumbing system within the home and enters the apartments through defective fixtures. If in doubt, consult us regarding the piping and repairing defective fixtures with "STANDARD" Porcelain Enamelled Ware, acknowledged as the best sanitary equipment.

If the number of alleged reform measures introduced in this Legislature can be taken as a standard, someone is trying to make it a reform Legislature. Bills regulating liquor traffic and the manufacture and sale of cigarettes, to govern the carrying of concealed weapons, are numerous. These three subjects will be threshed over in committees and on the floors of the two Houses. While they are working on the reform line it looks as if they have left out altogether the most dangerous and growing evil of to-day. Why not make a law prohibiting the sale of morphine without a prescription, or a law of some kind that the penalty will be so severe that the promiscuous sale of this and other dope drugs will be stopped? Talk about the whisky habit, why this dope habit among the women is growing to such proportions that it is just simply awful, and will eventually cause as much unhappiness in the world as whisky has ever done. You hear men abused from the pulpit and in the parlor for drinking whisky, but you never hear a word from the goody-goody crowd about the women morphine fiends; you speak their names in whispers, when they are as much of a disgrace to their families and society as the drunken man. If you are going to have a general reformation take in all of the evils, don't jump over the head of the greatest one in your sanctimonious leap.

THE Louisville Commercial Club has been at work for some weeks advertising and corresponding with ex-Kentuckians, inviting them to visit Louisville for three days during the month of June. This will be known as "Home Coming Week." The Club has received answers from every State and Territory in the Union, besides from foreign countries, stating the intention of thousands of ex-Kentuckians to be present. All Kentucky should go to Louisville to meet them.

Now, why should not old Bourbon set a day following the big meeting at Louisville for a Home Coming to Bourbon. Let us have an old fashion barbecue to greet our kinsman and friends who have adopted other States for their home. This could be made a gala day in Paris. We suggest that the President of the Paris Business Men's Club call a meeting of his club at once and take this question up. Start the ball rolling and we believe it will be little trouble in pushing the thing to a successful climax.

McClelland has been installed for a second term as Mayor of New York, but he had a mighty narrow escape. The small majority by which he won was both a personal victory for Wm. R. Hurst and for the platform upon which he stood. The municipal ownership idea is steadily growing in favor among the rank and file of all political parties. Democratic leaders East, West, North and South will yet learn that they dare not antagonize that sentiment even in an indirect way.

THERE is a renewal of the old rumor that Japan wants the Philippine Islands, and will either take them as a gift or buy them. Suppose the Philippines should object to the mastery of the Japanese? Would it be honorable in us to sell them without their consent? It will be remembered, though, that we bought them without consulting them.

A CLERGYMAN who resigned his pastorate to take up the practice of law, assigned as one reason for his change "that the average man will pay more to keep out of jail for one day than he will to keep out of Hell for an eternity." A very wise conclusion, and, no doubt, profitable, but was he called by the Savior to do this?

CHICAGO society folk have just spent something like \$50,000 in dressing up for a function that raised about \$3,000 for a fund for the relief of sick babies. A little more religion and common sense mixed in might raise the amount next time in favor of the baby end of the function.

A REPUBLICAN contemporary devotes a column to the discussion of "Word problems of 1906," but never a word about the problem of keeping the people in line for the principle that the higher they tax themselves the more prosperous they are.

**Resolutions of Respect on the Death
of Bro. Abraham Shire.**

The Grand Master of above has
again laid the hand of Death on this
Paris Lodge No. 2, F. and A. M., and
taken from us our well-beloved
Brother, Abraham Shire. Bro. Shire
was one of the oldest Masons of this
lodge, having been made a Mason in
December, 1865. Bro. Shire was en-
deared to the heart of every member
of the lodge, had been one of its most
regular attendants for over 40 years,
and one of its officers for many years
of this period.

RESOLVED, 1st, That in the death of
Bro. Shire the lodge has lost one of
its most beloved members, the com-
munity one of its best citizens, a man
of high honor and strict integrity, an
honest man, the noble work of God.

RESOLVED, 2d, That to the family
of our deceased Brother we offer our
sincerest sympathy and mingle our
tear with theirs.

RESOLVED, 3rd, That the lodge
room be draped in mourning, that the
members wear the usual badge of
mourning for 30 days.

That a copy of these resolutions be
copied on the records of our lodge, a
special page be devoted for that pur-
pose, that a copy be sent to the fam-
ily and published in the county papers.

JAS. A. STEWART,
LOUIS FRANK,
C. F. DIDLAK, —Committee.

The Great I Am has seen fit in his
providence to strike from our rolls
Companion Abraham Shire, who
crossed the Great Divide January 17,
1906. Companion Shire was exalted

a Royal Arch Mason in Paris Chapter
No. 15, Royal Arch Masons, Septem-
ber 26, 1886, shortly after making Paris
his home. He received all the honors
within the gift of the lodge—served
as High Priest from September, 1889,
to September, 1879. He filled the
station of Secretary for eight years,
being so eminently qualified for such
duties that it was the regret of his
companions his business affairs would
not permit him to give further service
in that line. He was an enthusiastic
member and a constant attendant at
our conventions up to the time of his
affliction, a few years back, which
prevented us from often enjoying his
companionship within our tyled door.
An honorable citizen and worthy of
any confidence reposed in him. Was
held in high esteem by all who had
the privilege to know him.

1st. BE IT RESOLVED, That we ten-
der our sincere and heartfelt sym-
pathy to his son and daughter in their
sad bereavement.

2d. RESOLVED, That these resolu-
tions be spread upon our records, pub-
lished in the county papers and a
copy be sent to his children, and the
Chapter be draped in mourning for a
period of thirty days.

It will be taken upon its arrival to-day to the farm of Mr. Catesby Woodford and placed in operation. The many friends of Frank are delighted to learn he has at last succeeded in perfecting his wonderful invention. We trust he will make a million out of it, and there is no reason why he should not.

Miss Mary Kern Suicides.

Miss Mary Kern died at the home of her father, Mr. C. L. Kern, near Shakespeare, this county, early Friday morning, from laudanum taken with suicidal intent. Drs. Daugherty and Anderson worked for four hours with heroic treatment, using everything known in medical science to save the life of this handsome young woman, but she passed away about 4:30 o'clock.

Miss Kern was an exceedingly bright and intelligent young woman, possessed of many accomplishments. She was thirty-three years of age. Ten years ago she went to San Francisco, Cal., to accept a position in a large retail department store, where by her executive ability and proficiency in mastering the details of the business she was gradually promoted until she became manager of the big concern. During the summer of 1904 the proprietor made an extended trip to Europe to purchase goods and left the establishment in charge of Miss Kern. The arduous duties caused her health to decline, which soon resulted in nervous prostration.

She returned to her Kentucky home during August of last year in the hope that the change of climate and complete rest would restore her health. It was soon noticeable that she was afflicted with melancholia, and in October was sent to a private sanitarium at Lexington, for treatment. No marked improvement in her condition ensued, and during the holidays she was brought home and placed in care of a trained nurse. To the members of her family she had often discussed the future life, and indicated a desire to be at rest. Relatives and friends tried to divert her thoughts, everything possible was done to make her surroundings pleasant and agreeable, and to cause her to see and experience the cheerful side of life. She was closely watched day and night, and it had been practically decided to again place her in a private sanitarium.

On Thursday night, when the nurse was absent from the room for a few moments, Miss Kern swallowed the deadly drug. The bottle of laudanum had been in the house four of five years, and the young lady had managed to secrete it in her room unknown to any member of the family.

She is survived by her father and four sisters, Mrs. O. P. Clay, Mrs. Bruce Anderson and Misses Sythe and Lake Kern, all of this city and county. The interment took place Friday afternoon, at 2 o'clock, in the Paris cemetery, with services at the grave by Rev. G. W. Clark, of the Baptist church, of which the deceased was a devoted member.

A rather singular incident in connection with Miss Kern's death is that Dr. Bruce Anderson, her brother-in-law, had attended a meeting of the Bourbon County Medical Society, on Thursday night, and was on the program to discuss the subject of "Melancholy." It was only a few hours after the Doctor had finished his discussion that he was called to the bedside of this young woman, who while suffering from melancholy had taken a deadly drug.

Now Going On.

Simon's White Sale is now going on.
Examining Trials.

The examining trial of Litton Lawrence for cutting and wounding Leslie Clark, colored, was held yesterday morning before Judge Denis Dundon. Hon. E. M. Dickson, attorney for Lawrence, waived his right for trial and he was held to the March Term of Circuit Court under \$200. He was remanded to jail, being unable to give bond.

Leslie Clark was also before the Court to answer the charge of murdering James Blythe by hitting him in the head with a rock. Clark was represented by Judge Harmon Stitt, who waived examining trial. He was held to Circuit Court without bail.

Both of the above cases are results of the difficulty near Glenkenney, about two weeks ago, between Lawrence and Blythe, white, and Leslie Clark, colored. The latter was literally cut to pieces, but was able to be present in court yesterday. Blythe has since died.

In Honor of R. E. Lee.

The ninety-ninth birthday of Gen. Robt. E. Lee was celebrated by the Richard Hawes Chapter, U. D. C., at their room in the court house, on Friday afternoon, at 2 o'clock. Mrs. R. J. Neely was hostess, and it was a most delightful meeting.

Mrs. W. O. Hinton, Mrs. Harry Clay, Mrs. John Connell and Mrs. W. G. Talbott read interesting papers.

After the exercises refreshments were served, consisting of nut cream and individual cakes, with U. D. C. in red. About forty were in attendance.

FACTS IN NATURE.

Not Only Do We Get Inspiration From Nature, But Health as Well.

For people who are run-down and nervous, who suffer from indigestion or dyspepsia, headache, biliousness, or torpid liver, coated tongue with bitter taste in the morning and poor appetite, it becomes necessary to turn to some tonic or strengthener which will assist Nature and help them to get on their feet and put the body into its proper condition. It is becoming more and more apparent that Nature's most valuable health-giving agents are to be found in forest plants and roots.

Nearly forty years ago, Dr. R. V. Pierce, now consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., discovered that by scientifically extracting and combining certain medicinal principles from native roots, taken from our American forests, he could produce a medicine which was marvelously efficient in curing cases of blood disorder and liver and stomach trouble as well as many other chronic, or lingering ailments. This concentrated extract of Nature's vitality he named "Golden Medical Discovery." It purifies the blood by putting the stomach and liver into healthy condition; thereby helping the digestion and assimilation of food which feeds the blood. Thereby it cures weak stomach, indigestion, torpid liver, or biliousness, and kindred derangements.

If you have coated tongue, with bitter or bad taste in the morning, frequent headaches, feel weak, easily tired, stitches or pain in side, back gives out easily and aches, belching of gas, constipation, or irregular bowels, feel flashes of heat alternating with chilly sensations or kindred symptoms, they point to a derangement of your stomach, liver and kidneys, which the "Golden Medical Discovery" will correct more speedily and permanently than any other known agent. Contains no alcohol or habit-forming drugs. All its ingredients printed in plain English on wrapper.

The sole motive for substitution is to permit the dealer to make a little more profit. He gains; you lose. Accept no substitute for "Golden Medical Discovery."

Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets. One a laxative; two or three are cathartic.

Glowing Picture of Robert E. Lee by T. E. Moore, Jr.

In commemoration of the anniversary of the birth of Robert E. Lee, one of Virginia's greatest sons, and America's greatest generals, and the Confederacy's most picturesque character, the Daughters of the Confederacy of Lexington Chapter held exercises Friday night in the Circuit Court room of the Lexington court house. The Daughters had invited County Attorney T. E. Moore, Jr., of this county, and the bright and eloquent young man fully sustained his reputation as an orator before the large crowd that was present.

Mr. Moore said in part: "Ladies and Gentlemen, I regret that I cannot tell you how I appreciate the honor of addressing the Daughters of the Confederacy and the veterans, who took part in that memorable struggle, and their survivors. I appreciate more the honor of addressing the Daughters of the Confederacy of Lexington, because here these noble women have added so much to the history of the 'Lost Cause.' Again it is an honor to address the noble men and women who live in the home of John C. Breckinridge, who assembled that noble band of men and fought with distinction through the war as the 'Orphan Brigade.'"

"Also that noble and courageous band of men collected from Clark, Bourbon, Fayette and the adjoining counties who fought under chivalrous General John Morgan, many of whom doubtless are here to-night who received crosses of honor from these noble Daughters of the Confederacy."

"Many of the veterans are here to-night who have followed the flag of the Confederacy under other generals and they, too, deserve crosses of honor. Assembled in this hall are many who can recall the hour that they bade their wives and sweethearts good-bye to join the little band to fight for the principles they believed were right and the country they loved so dearly."

"As these bands of men were collecting together to fight for the South there was in the United States Army a young Colonel who had fought against the Indians in the West, shed his blood for the Stars and Stripes in the Mexican War, the son of a man who was a friend of Washington, a soldier of noble ancestry, this man of whom I speak was Robert E. Lee, a soldier of birth and education."

"Light Horse" Harry Lee, the father of our honored dead, had, too, fought for the government of during the Revolutionary War, and during the dark days of Valley Forge encouraged the half-starved, freezing hands of patriots to follow the Stars and Stripes, which eventually gained the victories which gave us our freedom."

"It is not difficult then for us to see why it was that the son of 'Light Horse' Harry Lee followed the vocation of his father and went to West Point to be taught lessons in soldiery that he might fight for his country. It is not difficult for us to see why it was that a man who had shed his blood for the Stars and Stripes should feel within himself a struggle when his country called to arms her sons to fight against the flag he had followed."

"When the struggle between the North and South became imminent there was no less a struggle in the mind of Robert E. Lee. This brave young man had much to lose in fighting for his native State, because history tells us the Government opposing the South offered him commissions that would have tempted the ambitions of any soldier, but with Lee ambition was not a consideration and his first and only thought was to serve in the cause where duty called him."

"General Lee was opposed to secession and advocated measures that would bring about peace. But what son of Virginia could fight against his native State? What son of Virginia thought of fighting against a Commonwealth known as the mother of Presidents, the birth-place of the framer of the Declaration of Independence, and of noble men innumerable? How could Robert E. Lee have acted otherwise than cast his fortune with the Confederacy and be governed by the call of Virginia when his native State appealed to her young men to fight for the right."

"The part that General Lee took in the army of the South makes the most brilliant chapters in the history of the Civil War. Placed in command of a disorganized, undrilled, but gallant, army from the first victory was his and it was but a short time until

Permission Given.

Ex-President Cleveland used to fish and shoot in the Barnegat Bay district. John Camburn, a guide, says that one cold, wet night Mr. Cleveland got lost. He wandered through the rain and darkness, trying to find his party, but not a house could he see, nor a light, nor a road.

Finally he struck a narrow lane, and in due course a house appeared. It was not late. Mr. Cleveland was cold and tired. He thought he could go no further, so he banged at the door until a window on the second floor went up, and a gruff voice said:

"Who are you?" "A friend," said Mr. Cleveland, "What do you want?" "I want to stay here all night?" "Stay there then."

And the window descending with a bang, and he wearily resumed his journey.

Nothing Compares

To Father William's Indian Tea for all diseases of the Liver and Kidneys, Stomach and Bowels.

It causes a vigorous action of the Liver, digesting the food causing a regular free movement of the Bowels, cleanses the Kidneys, purifies the Blood, makes you well, keeps you well. It only costs you 20 cents to try it. In Tea or Tablet, from W. T. Brooks.

INDIGESTION'S RECORD

"The best remedy I can prescribe for your indigestion, madam, is Green's August Flower. I know of several other physicians who prescribe it regularly."

Indigestion is making an awful record as a cause of sudden deaths. It is beating heart-failure in its ghastly harvest.

You read in the papers daily of apparently healthy and even robust men being suddenly attacked with acute indigestion after enjoying a hearty meal, and of their dying in many cases before a physician could be called in.

This should be a warning to you who suffer with regular or periodical attacks of indigestion. If these unfortunate victims of acute indigestion had taken a small dose of Green's August Flower before or after their meals they would not have fallen a prey to such sudden seizures.

August Flower prevents indigestion by creating good digestion. It also regulates the liver, purifies the blood and tones up the entire system in a natural way.

Two sizes, 25c and 75c. All druggists.

Grave Error.

The sympathetic visitor paused before Cell No. 3377 and looked upon the occupant.

"May I inquire what brought you here?" queried the visitor.

"I engaged in the banking business," said No. 3377, "and made the grave mistake of departing from the regular methods."

"O, you violated the law by loaning yourself too much money to carry on your outside business?"

"Not much, sir. If I'd done that I would have been a financier. I entered the bank with a jimmy and the night watchman gave the alarm."

he had rid Virginia of the Federal troops and dashed over into Maryland to begin that brilliant campaign.

"History tells of his success in Maryland and later of a still more brilliant campaign in Pennsylvania. Of how he led Confederate troops against overwhelming odds almost within the shadow of the Federal Capitol; and of the battle of Gettysburg, where his defeat was due to the failure of a subordinate to carry out his orders."

"History tell how he drove McClelland, Burnside, Hooker and other Union Generals before that small army of Confederates fighting under his leadership. History, too, proves that Hannibal, Caesar and Napoleon never planned campaigns or executed them with more precision and brilliancy than our immortal Lee. He possessed all of the requisites of the world's greatest Generals, and was devoid of their faults. He was the genius of Napoleon without his ambition. The patience of Washington, the courage and daring of Hannibal.

"Always calm, considerate and humane, he commanded his soldiers to treat the captured foe like a brother and friend, and was loved by his soldiers to such an extent that after battles had been won or lost, as he rode through the lines, the wounded and dying cheered and blessed him for his goodness."

"Unselfish, he was ever ready to give his subordinate Generals the credit for victory, and, on the other hand, equally as eager to take the blame of defeat. When all others were disconsolate and disheartened, when Sherman had desolated the country South of Virginia, when the ports were blockaded and his armies exhausted, General Lee was the last of all to feel defeat a certainty and baffled the army of the North with his genius until the United States Government consented to accept the surrender of the South on honorable terms."

"It was in defeat that Lee showed his greatest genius. It was after the war had ceased; it was then he showed himself to be the greatest of leaders and most honorable of citizens, for after the surrender of the Southern armies General Lee returned to Virginia to help in the building up of his native State."

"He led a life that his neighbors might emulate, and although a paroled prisoner, refused the right of citizenship, his life was devoted to teaching his people to serve a government that had defended them and in times of peace as in war responded to the call of duty."

"Feeling that he could be more useful in educating the young men of the South than by amassing fortunes General Lee refused offers to become the head of Northern corporations and devoted his life to the University of Washington and Lee."

"A President of that institution, he set an example to his fellow men that they might follow and be loyal citizens. In a summary of the life of General Lee, we are told that he was lovely to his family, considerate to his neighbors, brave with his foes, a thorough Christian gentleman, believed that victories were due to the 'Lord of Hosts,' and took defeat to himself."

"When General Lee died two continents went and paid tributes to the paroled prisoner. His life is so beautiful that those who followed him and his Generals through the lost cause regard him as an example for their children, and taught them to follow as General Lee did, the avocations where duty calls them."

THE FAIR

These Goods Have Orders to Vacate.

A store like The Fair is an ever-shifting panorama. Goods are constantly going out, and other goods are constantly coming in to replace them; this or that style or pattern will be discontinued; something better and more satisfying will be adopted in its stead; and so it goes month after month; and season after season. All this shifting of stock finds us frequently in possession of little lots, the left-overs from discontinued lines, that we are willing to get rid of at cost or less, to keep the stock clean and ship-shape. It happens that we have quite a lot of these remainders on hand just now, and as we prefer their room to their company, we have given them peremptory orders to vacate, in the shape of new price-tags, bearing prices about half what they formerly were. We should not wonder if you would like some of these at the cut prices; and give below a list of a few representative items. Of course, a call at The Fair is the only way to see them all.

Real China Bread and Butter Plates, 10c;
China and Glass Ice Cream Sauces, Polished

The Spring-Like Weather.

All records for warm weather in January have been broken in past few days. The thermometer recorded 73 degrees Sunday. It was said to be the warmest January Sunday since 1873. It is but a breeder for a cold

wave that is due to-day. People should be careful about changing from heavy weights back to light weights during the little warm spell, for this is ideal pneumonia weather.
